Course Through Mendham park-like and
neighborhood settings

Tourette Syndrome is a misunderstood and misdiagnosed
neurological disorder that's a lot more common than most people
think, affecting as many as 1 in 100 kids and adults.

Mendham high school junior Emily Carrara, in conjunction with
the NJ Center for Tourette Syndrome & Associated Disorders, Inc.,
organized this year's event and is asking you to participate in the
Mendham walk to raise awareness and support for families and kids
with Tourette Syndrome.
