Wednesday July 30, 2008, 5:10 AM

Newark Mayor Cory A. Booker is scheduled to recognize every Wednesday as TS Day in the City of Newark. As a result, Newark joins a growing list of cities lending support to the 28,000 New Jersey children and families dealing with Tourette Syndrome and associated neurological disorders such as A.D.D., O.C.D. and depression. City officials are scheduled to present a proclamation today at 4:30 to representatives of the New Jersey Center for Tourette Syndrome at the start of the Newark Bears game at Bears and Eagles Stadium.
